“The louder you are, the more particles you emit and the greater risk you would infect the people near you.”

<https://www.google.com/amp/s/elemental.medium.com/amp/p/57607ed71b9b>

“Experts are warning singers that there is no way to safely rehearse and perform live at this time, is that true?”

“It could be that well-trained singers are at a higher risk of transmission of aerosols – louder singers are probably generating more aerosols than quieter voices”
